Higher National Veterinary School of Algiers

Tizi-Ouzou University - Mouloud Mammeri

Setif 1 University - Ferhat Abbas

Biskra University - Mohamed Khider

## Program of the First International Workshop in Algeria on Breeding, Laboratory Animal Models and the Preservation of the Barbary Macaque

From 04<sup>th</sup> to 10<sup>th</sup> April 2026

Saturday Program 04 April 2026 -	
Site: <b>Higher National Veterinary School of Algiers</b>	
08h30-09h30 : Welcome coffee and Registration	
09h30-10h00 : <b>Opening Ceremony</b>	
Speech of « Pr. Yahia CHEBLOUNE » workshop' General Chair	
Speech of « Pr. Sonia BESSALEM » School director	
Plenary Session 10h00-10h40	Dr. Lyes MOHAMMEDI Higher National Veterinary School of Algiers, Algeria <i>Title: Barbary macaque health and conservation: veterinary perspective</i>
OC 1. 10h40-10h55	Dr. Abdelouafi BENMOULOUD Algerian Association of Animal Experimentation Sciences <i>Title : An overview of the Animal Ethics Committees in Algeria : Establishment, progress and challenges</i>
10h55-11h20	<b>Debate</b>
11h20-11h50	Visit of Stands and Veterinary School
12h00-13h00	<b>Lunch</b>
13h00-17h00	<b>Outing visit in Algiers</b>
17h00	<b>Departure to Tizi Ouzou</b>

**Sunday Program 05 April 2026**

Site: **Tizi-Ouzou University - Mouloud Mammeri**

08h30-09h30 : Registration welcome coffee

09h30-10h00 : Opening Ceremony

Speech of « Pr. Yahia CHEBLOUNE » workshop' General Chair

Welcome allocution from Pr. **Aboubakr Esseddik Boucetta Wali**  
of Tizi Ouzou

Speech of « Pr. Ahmed BOUDA » University Rector

Plenary 1  10h00-10h55	<p><b>Pr. Inza Koné</b> Centre Suisse de Recherches Scientifiques en Côte d'Ivoire</p> <p><i>Modeling the role of transdisciplinary research in community-based conservation projects of primates and their habitats: a case study from Côte-d'Ivoire, West Africa</i></p>
OC 1. 10h55-11h10	<p><b>Mr. Mourad BOUMENIR</b> University of Liege, Belgium</p> <p><i>Title : Tourist Provisioning as a Driver of Fecal Microbiota Shift in Wild Barbary Macaques (Macaca sylvanus): Implications for Species Conservation in Algeria</i></p>
OC 2. 11h10-11h25	<p><b>Dr. LIMANE Abdelkrim</b> University of Tizi Ouzou, Algeria</p> <p><i>Title : The Barbary Macaque Macaca sylvanus in the trophic diet of three carnivores: The Golden Jackal Canis lupaster, the Common Genet Genetta genetta, and the Egyptian Mongoose Herpestes ichneumon in the Darna forest (Djurdjura National Park)</i></p>
OC 3. 11h25-11h40	<p><b>Dr. Bochera Brahmi</b> University of Bejaia, Algeria</p> <p><i>Title : Seed dispersal by Barbary macaque (Macaca sylvanus) at Gouraaya National Park, Algeria: handling methods, germination rates and dispersal quantity</i></p>
11h40-12h30	<b>General discussion</b>
12h30-13h30	<b>Lunch</b>
Plenary 2  13h30-14h25	<p><b>Dr. Thierry A.G. Tsoumbou</b> Center for Medical Research Franceville, Gabon</p> <p><b>Gestion d'un centre de reproduction et de conservation de primates menacés</b></p>
OC 4. 14h25-14h40	<p><b>Dr. Yasmina MAIBECHE</b></p> <p><i>Title : Étude comparative de la démographie des populations et de la stratégie trophique chez le magot (Macaca sylvanus) dans le parc national de Djurdjura et le parc national de Gouraya</i></p>

<b>OC 5.</b> <b>14h40-14h55</b>	<b>Dr. Ahmed ALILECHE</b> <b>Djurdjura National Parc</b> <i>Title : Stratégie de la biologie de conservation du macaque de barbarie</i>
<b>15h10 – 16h00</b>	<b>General discussion</b>
<b>PC 1.</b> <b>16h30-17h30</b>	<b>Dr. Mohammed OUDAHMANE</b> <b>University of Tizi Ouzou, Algeria</b> <i>Title : Le Macaque de Berbérie (Macaca sylvanus) et la biodiversité dans le Parc National du Djurdjura. Algérie</i>
<b>PC 2.</b> <b>16h30-17h30</b>	<b>Dr. Mohamed BENRABAH</b> <b>Wade Consultant</b> <i>Title : Genetic Diversity and Phylogeography of Barbary Macaques in North Africa</i>
<b>PC 3.</b> <b>16h30-17h30</b>	<b>Dr. Oumaima ROUIDI</b> <b>Higher National Veterinary School of Algiers, Algeria</b> <i>Title : Environmental Cryptosporidium spp. and Non-Human Primate Health: Emerging Conservation and Biosafety Concerns</i>
<b>PC 4.</b> <b>16h30-17h30</b>	<b>Dr. Hania HANNANI</b> <b>University of El Tarf, Algeria</b> <i>Title : Conservation and Management of the Barbary macaque: Population Monitoring, Health Risks, and Integrated Conservation Strategies</i>
<b>PC 5.</b> <b>16h30-17h30</b>	<b>Dr. Taous BACHIRI</b> <b>University of Bouira, Algeria</b> <i>Title : Résistance aux antibiotiques chez le singe magot (Macaca sylvanus) en Algérie : rôle de la faune sauvage comme réservoir de bactéries multirésistantes</i>
<b>PC 6.</b> <b>16h30-17h30</b>	<b>Dr. Thileli Thanina AMROUN</b> <b>University of Tizi Ouzou, Algeria</b> <i>Title : Etude des lactoprotéines produites par deux types génétiques de lapines de la région de Tizi Ouzou</i>
<b>PC 7.</b> <b>16h30-17h30</b>	<b>Dr. Mohamed BENRABAH</b> <b>Wade Consultant</b> <i>Title : Population Status and Distribution of the Barbary Macaque (Macaca sylvanus) in Algeria</i>
<b>17h30-18h00</b>	<b>Coffee Break / Poster Session/Documentary movie</b>
<b>Monday 06 April 2026</b>	
<b>08h30 – 16h00</b>	<b>Excursion</b>
<b>16h00</b>	<b>Departure to Setif</b>

**Tuesday Program 07 April 2026**

Site: **Setif 1 University – Ferhat Abbas**

08h30-09h30 : Registration welcome coffee

09h30-10h00 : Opening Ceremony

Speech of « Pr. Yahia CHEBLOUNE » workshop' General Chair

Welcome Allocution from Pr. Mustapha Limani Wali de Sétif

Speech of « Pr. Mohamed El Hadi LATRECHE » University Rector

Plenary 1 10h00-10h55	Pr. Shilpa BUCH Department of Pharmacology, Experimental Neuroscience at UNMC, USA.  Morphine potentiates Neuropathogenesis in SIV infection by neuroimmune dysregulation
Plenary 2 10h55-11h50	Dr. Jaco BAKKER Animal Science Department, BPRC, Rijswijk, Netherlands  Veterinary side of housing nhp and perspectives from the Netherlands for housing nhp
11h50-12h35	Debate
12h35-13h30	Lunch
Plenary 3 13h30-14h25	Pr. Francois VILLINGER Med. & Res. MD Anderson Cancer Center, Bastrop, TX, USA  <i>Nonhuman Primate use in Research: mRNA based arming the mucosa against pathogens</i>
OC 1. 14h10-14h25	Dr. Mourad AHMIM University of Bejaia, Algeria <i>Title : Nouvelles données sur la répartition actuelle du macaque de Barbarie Macaca sylvanus (Mammalia : Cercopithecidae) en Algérie</i>
OC 2. 14h25-14h40	Dr. Ravi SINGH Kalasalingam Academy Of Research And Education, India <i>Title : Design and Implementation of a Blood Donation Management System</i>
OC 3. 14h40-14h55	Dr. Ritika KUMARI Kalasalingam Academy Of Research And Education, India <i>Title : Nutri Care: A Location-Aware Personalized Nutrition App for Orphanages</i>
14h55 – 15h40	Debate
PC 1. 15h40-17h00	Dr. Keltoum BOUDRAA University of Constantine 1, Algeria <i>Title : Modulation of Oxidative Stress and Hepatic Damage by a Methanolic Cytisus.sp Extract in a Cyclophosphamide-Induced Toxicity Model in rats</i>

<p><b>PC 2.</b> <b>15h40-17h00</b></p>	<p><b>Dr. Sara KASSOURI</b> <b>University of USTHB, Algeria</b> <i>Title : Impact of environmental enrichment on the behaviour of the desert rodent Meriones Libycus</i></p>
<p><b>PC 3.</b> <b>15h40-17h00</b></p>	<p><b>Dr. Assia TAGUIG</b> <b>University of Batna 2, Algeria</b> <i>Title : Importance des animaux de laboratoire dans l'évaluation de la toxicité reproductive : étude de l'effet du propineb chez le lapin mâle Oryctolagus cuniculus</i></p>
<p><b>PC 4.</b> <b>15h40-17h00</b></p>	<p><b>Dr. Hania HANNANI</b> <b>University of El-Tarf, Algeria</b> <i>Title : Macaque Breeding and Use in Scientific Research: Colony Management and Biomedical Applications</i></p>
<p><b>15h40-17h00</b></p>	<p><b>Coffee Break / Poster Session</b></p>
<p><b>Wednesday 08 April 2026</b></p>	
<p><b>08h30 – 16h00</b></p>	<p><b>Excursion</b></p>
<p><b>16h00</b></p>	<p><b>Departure to Biskra</b></p>

**Thursday Program 09 April 2026**

Site: **Biskra University – Mohamed Khider**

08h30-09h15 : Registration welcome coffee

09h15-10h00 : Opening Ceremony

Speech of « Pr. Yahia CHEBLOUNE » workshop' General Chair

Welcome allocution of Pr. Lakhdar SEDAS Wali of Biskra

Speech of « Pr. Zohir DIBI » University Rector

Plenary 1  10h00-10h55	Pr. Muriel VAYSSIER-TAUSSAT Dept of Animal Health at INRAE, France  <i>The Organization of the Use of Animals for Scientific Purposes in France: The INRAE model</i>
OC 1. 10h55-11h10	Dr. Abdelouafi BENMOULOUD Algerian Association of Animal Experimentation Sciences <i>Title : The current status of the welfare of animal used for scientific and educational purposes in Algeria</i>
11h05-12h05	Debate
12h05-13h15	Lunch
Plenary 2  13h15-14h10	Dr. Carlo DEMALDE / Dr. Marco Patrick GEROSA (VISIO) Export Sales Manager and Business Developer @Tecniplast, Italy  <i>Title :- Suggestions for Animal Facility Planning and correct workflows - Tecniplast Solutions for Animal Facilities</i>
14h10 – 15h25	Table discussion and scientific debate
PC 1. 15h25-16h00	Dr. Imene DERARDJA University of Algiers, Algeria <i>Title : Pharmacological evaluation of the anti-inflammatory and analgesic effects of Ammoides verticillata essential oil</i>
PC 2. 15h25-16h00	Dr. adel GHOUL University of USTHB, Algeria <i>Title : Responsible Animal Experimentation: Fundamentals, Ethics and Good Practices for Quality Science</i>
PC 3. 15h25-16h00	Dr. Salsabil MEBARKI University of Biskra, Algeria <i>Title : Beneficial Effects of Fluoxetine on Obesity-Induced Lipid Dysmetabolism, Oxidative Stress, and Depressive Behaviors in Wistar Rat Models</i>
PC 4. 15h25-16h00	Dr. Yamina ZATRA LRZA <i>Title : La gerbille saharienne, modèle expérimental de choix pour l'étude des interrelations endocrino-métaboliques : relations biochimiques et hématologiques</i>

PC 5. 15h25-16h00	<b>Dr. Asma Amina FOUGHALI</b> <b>University of Biskra, Algeria</b> <i>Title : Epidemiological situation and incidence of human cutaneous leishmaniasis in Algeria: a retrospective study (2010 - 2019)</i>
PC 6. 15h25-16h00	<b>Dr. Lamyia OUZZIR</b> <b>University of Biskra, Algeria</b> <i>Title : Pisciculture intégrée en milieu saharien : caractérisation de l'élevage du tilapia rouge (Oreochromis niloticus) dans la région de Biskra.</i>
PC 7. 15h25-16h00	<b>Dr. Moussa Abderrazak BAMBRA</b> <b>University of Biskra, Algeria</b> <i>Title : Algerian Bee Products: Examination Of The Anti-Hyperglycemic Properties Of Bee Venom, Bee Pollen, And Royal Jelly In Diabetic Mice Induced By Alloxan « In Vivo Study »</i>
15h25-16h00	<b>Coffee Break / Poster Session</b>
16h00  19h30	<b>Concluding Remarks of FILABE 2026 and Recommendations for SILABE 2027 Closing FILABE2026 Gala dinner</b>
<b>Friday 10 April 2026</b>	
08h30 – 16h00	<b>Excursion</b>
<b>Saturday 11 April 2026 Departure From Biskra</b>
